

ERA miGuard A105

Wireless Apartment / Starter Alarm System

Summary:

The A105 miGuard Wireless Alarm is designed for ease of use and simple control. The Control Panel plugs into a standard mains socket, and with a press of a button you can pair up to 40 Wireless Accessories. When triggered, the built-in Siren will sound and the strobe light will flash to deter intruders. The A105 can be used as a standalone Alarm, or can be connected to another miGuard Alarm to give even greater security coverage, ideal for larger properties.

Features:

- Wireless Plug and play, easy to use
- Compact and streamline design
- One-button pairing
- Works as an Accessory or a Standalone Alarm Panel
- Built-in backup battery for 8 hour standby
- Mute Arming and Disarming
