

Pairing 'Alexa' with

HOMEGUARD Pro

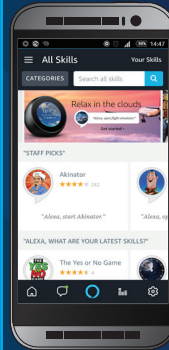

SMART HOME SECURITY MADE SIMPLE

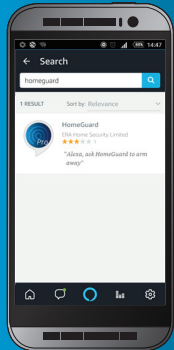

1. Launch your app store and search 'Alexa App'
2. Please click install - then launch the App
3. Once installed please click

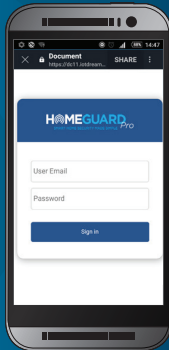

4. Once the App is open click 'Home' followed by 'All Skills' in the dropdown menu

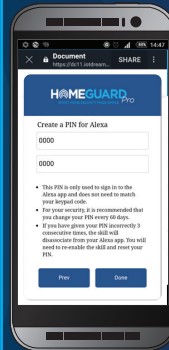

5. Please search 'HomeGuard' using the search bar

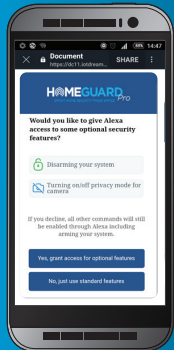

6. Choose the HomeGuard App from the results

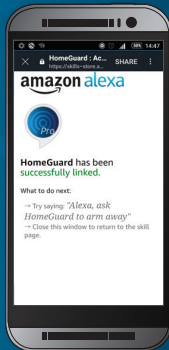

7. Sign in using your HomeGuard log in details

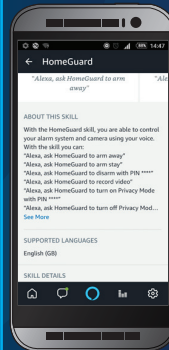

8. Create a 4 digit pin code
- NOTE: This pin is only used to sign in to the Alexa App and does not need to match your keypad code

9. If you would like the optional features, please click 'Yes'

10. Your HomeGuard Cloud Alarm System has successfully linked to Alexa

11. Scroll down for a list of skills and phrases now available to use with Alexa
